

## LAW ENFORCEMENT CAMPAIGN STARTED BY LOCAL POLICE

### Mishawaka Officers Receive Instructions Regarding Motor Vehicles.

One of the strictest law enforcement campaigns ever staged in the city of Mishawaka was opened Thursday night following instructions received by the local police from the board of public safety. The campaign was inaugurated in an effort to prevent accidents and to assure motorists a reasonable amount of safety and protection while driving within the corporate limits.

A special meeting of the entire local police force was held at 7 o'clock Thursday night in the Mishawaka police court at which time the officers were instructed by City Attorney Charles E. Eberhart and Charles Roy, member of the board of public safety, regarding the new traffic ordinance which will be in full force next Monday morning.

Following the ordinance instruction a round table discussion was held at which time complaints were heard from various officers regarding law violations that had come under their observation. Questions concerning the different state and city laws and how they might be best enforced were brought up in the meeting. The board was carefully instructed on every doubtful phase of law and advised as to its proper interpretation.

According to a statement made by Mr. Roy, the officers' round table will probably be made a permanent affair and a meeting called for every other Thursday night at which time other Mishawaka attorneys will have charge of the discussions.

**Chief Opens War.**

At the close of the meeting and on the suggestion of City Attorney Eberhart and Mr. Roy, Chief of Police Barrows issued orders for immediate enforcement of the laws covering the following violations: Autos without tail lights, jockey riding on sidewalks, vehicles without head lights and autos parked in the residential districts without lights.

**Makes Arrests.**

The effect of the new order by Chief of Police Barrows was almost immediate and within one hour after the order was issued four arrests were made by Motorcycle Officer Stanley Merchant on charges of riding motor bikes without lights. The cyclists arrested follow: Herbert Johnson, River Park; Jesse Keith, Moody Freshley and Arthur Herdman all of South Bend. They will be arraigned in the local police court Friday morning.

**More arrests are expected within the next few days.** Chief Barrows stated that he hoped others would take warning from the action already taken by the department.

## LOCAL BOY SCOUTS ENTERTAIN GUESTS

### Members of Woman's Club and Chamber of Commerce Enjoy Program.

Members of the Chamber of Commerce and the Mishawaka Woman's club have returned from Indian lake where they were guests at the Boy Scout camp Wednesday, being royally entertained. The boys and their guests were lined up and marched through the tents securing their caps, and were then seated at tables. The scouts served extra sandwiches. The dinner was followed by retreat to the colon.

A council fire was the feature of the evening. D. J. Campbell, president of the Boy Scout council, wrote a message and two boys flashed back its purport by signals which were read to the visitors by three scouts. Other stunts of the evening consisted of a bat and ball, barrel boxing match, Dr. Saw Bones' operation. The boys entertained with vocal selections. D. J. Campbell and other members of the council delivered congratulatory talks. W. L. ## NEW SCREEN VAMP

**SHE is the newest vamp of the screen—Nita Naldi.** Some who have had a preliminary glimpse of "Blood and Sand," Rodolph Valentino's first starring picture for Paramount, predict she will be hailed as the greatest.

Her dark, exotic beauty made her a perfect selection for the untamed, unrestrained Spanish aristocrat, Dona Sol, of Vicente Blasco Ibanez's novel, and when the modistes of the Paramount organization had finished designing her gorgeous costumes she was ready to "knock 'em dead." And she did! Valentino, as Gallardo, the bullfighter, was her victim.

## How the Chicago Car Strike Jams Traffic

When the surface street car and "L" employees walked out on strike in Chicago, every form of locomotion obtainable was drafted into service to carry workers to and from their jobs, but autos predominated. Streets were so packed with machines that sometimes progress was at the rate of a block per half hour. The picture was taken at State and Madison streets at 8 a. m. Inset shows a group of girl workers on their way to the business district, merry and chummy, as were all the throngs, walking and riding, during the early days of the strike.
